

Camrose CCS Pool League

Weekly League Fees Procedure

Every week, each team captain or designated team mate will be responsible for sending a \$60 e-transfer to cover the weekly league fee to camrosevegasbcapl@gmail.com

Your money will be auto-deposited to the league bank account, so no security question or password is needed.

*In the comments/message to recipient section of your e-transfer include the date of play and team name so your payment can be recorded correctly by our Treasurer.

Each captain will be responsible for collecting the \$15 payment from each team member playing that week. Teams can decide for themselves if they will be e-transferring their captains or paying their captains in cash.

If a team does not have their weekly league fees e-transferred by Thursday night, a \$20 late fee will be charged to the team.

Weekly Table Fees Procedure

The home team will collect \$10 cash from each of the eight players from the match. The \$80 will be placed in an envelope and labeled including the following information. The envelope is given to the staff at the bar at the Tap Room.

Player Registration Procedure

- Start of the year team registration: each team captain or designated team mate will send an e-transfer to camrosevegasbcapl@gmail.com in the amount of \$25 x the number of players on your team.
- Example \$25 x 5 players = \$125
- If your bank has a notes/message to recipient section, include team name and full name of each player you are registering.
- For players who haven't previously played in the league, use the New Team Registration form on the website.
- Spares can spare two times without paying registration.
- For a new team member joining the league mid season, the team captain will include the new player's name in the note/comments in their weekly e-transfer.
 - Example: Date of play, team name, new player's name
 - Register the new player using the Individual Registration form on the website.
